Brick by brick the historic Alberta Hotel (originally built in 1903) was reassembled on Jasper Avenue. Today, it's not only the home base for CKUA — it also harbours one of Edmonton's most unique event venues. CKUA's Performance Space boasts beautiful floor-to-ceiling windows and a remodeled interior, striking the perfect balance between modern style and heritage charm.

Whether you're planning a staff party, workshop, networking event, or conference, we've got what it takes to make your event a success.

“Events held at CKUA are imbued with a special kind of magic that comes from the history of the building, the story of the station, and the passion of the artists and employees who call it home.”

— Erin Clyde, Foundry Events
